

APPLICATION INFORMATION*

Application I-001861
Prime Time Development, LLC Keystone/Pine Lakes Mine

Location: The proposed mine is located in Berkeley County approximately 3.0 miles southeast of Huger, S.C. The mine is comprised of two separate excavations. The site is located north of SC Secondary Road S-8-598 (United Drive); the excavations are located 1.5 and 2.0 miles southeast of the junction of United Drive with Primary Highway 41.

Mineral: topsoil, sand and clay

Operation: Approximately seventeen (17) total acres will be excavated using track/backhoes, bulldozers, and tractors.

Processing: The material will not be processed.

Reclamation: Each excavation will be reclaimed as a pond.

Maximum Depth: 20 feet

Acreage:** 113.0 acres (Permitted Area) owned by the operator **see map on back

Permitted Area = Affected Acres + Future Reserves + Buffer Acres

<i>Affected Area:</i>	18.9 acres
<i>Future Reserves:</i>	0.0 acres
<i>Buffers:</i>	94.1 acres

Affected Area is any land disturbed by mine activity (pit, roads, stockpile areas, processing plants, etc.); the amount of the reclamation bond is determined based on this acreage. *Future Reserves* are areas containing mineral deposits that have the potential to be mined in the next phase of the operation; prior to starting work in Future Reserves, the operator must submit the plans for that area. Typically *Buffer* areas are lands not to be disturbed beyond the pre-mine natural state and serve several purposes (screen the operation from view, setback mine activities from adjacent properties, etc.); the operator must contact the Department prior to any disturbance of the buffer areas (i.e. removal of timber).

***ALL COMMENTS SHOULD BE SUBMITTED TO THE DEPARTMENT
BY 5:00 PM Wednesday, October 28, 2008.***
